

Programme final classé par thèmes de conférences Final Programme classified by conference themes

Un si grand nombre de conférences rend le choix difficile !

Nous avons essayé de regrouper les conférences par thèmes à chaque fois que cela a été possible.

Cependant, la multiplicité des thèmes abordés, les impératifs techniques, la disponibilité des conférenciers font qu'il n'a pas été possible de pousser cette simplification plus que nous l'avons fait.

C'est la raison pour laquelle nous vous communiquons ce programme classé par thèmes de conférences.

So many talks make the choice difficult! We tried to regroup the talks by topic whenever it was possible. However, the multiplicity of themes, the technical requirements, the availability of speakers made that it was not possible to push this simplification more than we did. This is why we provide this programme classified by conference themes.

Matière médicale, Materia medica

Vous découvrirez dans ces conférences, les principaux symptômes d'un grand nombre de remèdes à travers des études, des cas cliniques et des provings.

You will find in these talks, the main symptoms of a lot of remedies through studies, clinical cases and provings.
